

Jamie Wilkinson

Member (alternate) of the IHI JU
Governing Board

Healthcare Biotechnology Director

EuropaBio

Jamie is a pharmacist with experience in European and global health and pharmaceutical policies. He has experience navigating the health policy ecosystem in Brussels and beyond - gained from policy roles in non-governmental organisations, professional and patient-led organisations, trade associations, and pharmaceutical and biotech companies.

Jamie holds a Professional Diploma in Public Relations, master's degrees in pharmacy, health policy, and public health, as well as professional registrations in public health, regulatory policy, public relations, and pharmacy.
