

# Jeroen Schuermans

**Alternate Member of the IHI JU  
Governing Board**

**Director, Strategic Initiatives**

**MedTech Europe**

Jeroen leads MedTech Europe's strategic engagement on EU health research and public funding, with a focus on the Innovative Health Initiative (IHI). He brings over a decade of experience in EU-funded health research programmes, having supported MedTech, pharma, and academic stakeholders in securing and managing large-scale projects under H2020, Horizon Europe, IMI/IHI, and other Joint Undertakings. He has also provided strategic guidance for applicants of Belgian national funding opportunities.

Before joining MedTech Europe, he held a Senior Manager role in public funding strategy and project leadership at Akkodis Belgium and worked in neuroscience research across leading academic and non-profit institutions. Jeroen holds a Master's in Biochemistry and Biotechnology from KU Leuven and is an alternate member of the Governing Board of IHI.
